### REASONS FOR DEPOSITING IN THE UNION SAVINGS BANK.

2) BECAUSE it enables a young man to provide capital necessary to start in business. The experience of the country the past forty years shows that the safest and best place to accumulat money is a savings bank.

3) BECAUSE our Stamp System provides the best known method of inducing children to save their pennies and teaches them how to begin busines from the start. Do you know that 5 cents a day saved by a child for twenty-one years, with inte from \$900 to \$1,000? And that \$1 a day for the same period will amount to from \$18,000 to \$20,

4) BECAUSE our Installment Bonds are the mos profitable and attractive cumulative investmen which is absolutely safe that you can make. 5) BECAUSE the Bank will act as your agent and ad viser; will assist you in making good invest ments, and will aid you in every way to haster the period when you may "dwell under you own vine and for tree."

Three Negroes Implicated in Saturday Night?

The crime for which this summary vengeon was wreaked upon them was the ambushing and shooting down on Saturday night last of four deputies in a bagnio known as "The Curve" while the officers were fulfilling their duties by looking for a negro for whose arrest they had a warrant.

APPEABANCE OF THE MOB. About 3 o'clock this morning seventy-five men, all wearing masks, appeared suddenly on Front street near the jail. From whence they Front street near the jail. From whence they came no one will this morning hazard even a guess. No one saw them assemble; no officers of the law noticed their passage through any street nor did any person intercept them in their quick and quiet march to the Shelby county jail.

At this time Watchman O'Donnell sat in the jail office having a chat with a friend. Suddenly a ring was heard coming from the outer gate. Hastily arising and leaving the officer Mr. O'Donnell walked to the door of the jail. "Who's there?" demanded O'Donnell, his voice ringing loud and clear in the frosty air. "Hugh Williams of White Haven," came the reply. "I have a prisoner."
"All right," said O'Donnell, "this is the place and I am always ready to receive them."
With that O'Donnell hurried to the gate and unlocked it. Two or three men pushed in im-

"What does this mean?" queried the [watchman as he reached for his pistol.

"No, you don't," exclaimed the masked men loudly, as they seized the arms of Mr. O'Donnell and forced him against the high and thick walls surrounding the jail. The three men who seized Mr. O'Donnell had spoken loudly as they grasped him; their voices had scarcely died away when there was a tramping of many feet and fully seventy-five men, all wearing black masks, rushed through the gate and confronted the astounded watchman.

Mr. Morgan introduced a bill to enforce the provisions of section 2866 of the Revised Statutes in respect of article 29 of the treaty of Washington of May 8, 1871, with the government of Great Britain, and it was referred to Soon came the cry, "All right, boys, here they
